

Football

Dear Parent or Guardian,

The Delta High School Football team would like to attend the Western State Colorado University football camp. This takes a great deal of dedication by your son and you as parents. This cannot be done without the involvement of your son. This is a great opportunity for your son to get a little extra technique work, for the team to spend some time together, and to play a little more football. The Camp is June 2-5 in Gunnison, Colorado.

All Camps charge a fee for each player. The cost for this camp will be 215 dollars per player. This will include the camp fee, room and board, which includes three meals a day. I understand that this is a considerable amount of money, and do not expect all of this to come out of your pockets. Sophomores, Juniors, and Seniors will have the opportunity to do a Lift-a-thon fundraiser for camp, and all the money raised by that player will go towards his camp. They can also work the track concession stands to help raise money for their camp. The rest will need to be paid out of pocket. Incoming Freshmen will not have an opportunity to raise money through the high school because they aren't high school students yet. If money is a concern please speak directly with Coach Johnson for some money making ideas.

In the last twenty-five years I have taken teams to Idaho State, UNLV, Utah State, Colorado Mesa and Western State. Western State is one of the best team camps around. The experience of spending a week on a college campus, living in a college dorm and the camaraderie the team gets, is an experience they will remember and value for a lifetime.

Thank You,

Ben Johnson
Head Football Coach
